VMTW INSIGHT

News Letter

Volume-10

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

“ A good estimate is an estimate that provides a clear enough view of the project reality to allow the project leadership to make good decisions about how to control the project to hit its targets ”

EDITORIAL DESK

Hello!!! We are happy to welcome you all aboard the fledgling 10th edition for the scintillating year 2018. VMTWINSIGHT is the newsletter of the COMPUTER SCIENCE & ENGINEERING which aims to bring forward the buzz from the department in the past few months. The edition demystifies the realms of Computer science & Engineering and also provides insight to the latest technology adopted in the field. Hope our deeds would ignite everyone's life!!!

VISION

To achieve value oriented and quality education with excellent standards on par with evolving technologies and produce technocrats of global standards with capabilities of facing futuristic challenges.

MISSION

M1: To enrich advanced knowledge among students for reinforcing the domain knowledge and develop capabilities and skills to solve complex engineering problems.

M2: To impart value based professional education for a challenging career in Computer Science and Engineering.

M3: To transform the graduates for contributing to the socio-economic development and welfare of the society through value based education

PROGRAM EDUCATIONAL OBJECTIVES(PEOS):

PEO1: To acquire logical and analytical skills in core areas of Computer Science & Information Technology.

PEO2: To adapt new technologies for the changing needs of IT industry through self-study, graduate work and professional development.

PEO3: To demonstrate professional and ethical attitude, soft skills, team spirit, leadership skills and execute assignments to the perfection.

PROGRAM SPECIFIC OUTCOMES (PSOS):

PSO1: Foundation on Software Development: Analyze, design and develop efficient algorithms and software applications to deploy in secure environment to support contemporary services.

PSO2: Industrial Skills Ability: Develop software - solutions using open source environment to deliver quality products for business success.

PSO3: Ethical and Social Responsibility: Communicate effectively in both verbal and written form, will have knowledge of professional and ethical responsibilities and will show the understanding of impact of engineering solutions on the society and also will be aware of contemporary issues.

OUR INSTIGATION

70 students attended seminar at VMTW on 28th & 29 September “Valmiki Foreign Education services”

Center For TCS

“TCS Ninja Exam “At VMTW

100 students attended “TCS Ninja Exam in CSE Labs and CSE Department have been providing the infrastructure which is helpful to the Companies for smooth transition placement drive activities.

TECHNICAL ARTICLE BY Dr. GAUTAMI LATHA ANGA

IOT has become so vital in our daily life and it is going to create a big impact in the near future. For example, solutions can be provided major functions efficiently.

GUEST LECTURES & WORKSHOPS ON LATEST TRENDS

- DATA MINING & DATA WAREHOUSING
- SDLC ON ANT MODELLING

On 23th July, 2018 started a day with Assembly and meditation A Guest Lecture was conducted for the students on Human Values by Expert PROF.M L SAI KUMAR delivered his thoughts and interacted with the Students.

Human Values and Professional Ethics in not only our professional life

life. He insightfully explained that our understanding of most of the aspects of life-VISHWAAS (Trust), SAMMAAN (Respect), S N E H (Care), MAMTA (Affection), SHRADDHA (Reverence), PYAR (love) , which we claim to have an understanding of, need to be put into perspective. These basic feelings play a decisive role in ensuring happiness in an individual's life in particular and society in general.

At the end, participants felt the need to conduct more workshops which help them to grasp the significance of variety of issues and perspectives of life which have practical relevance. Encourage students by motivating and showing them inspiring videos.

On 24th July, 2018 started a day with Assembly and meditation And Career Talk Counseling Was Conduct by DR .TALLA VENKAT REDDY he talked on various situation how to handle in Career development is more than just deciding on a major and what job you want to get when you graduate. It really is a lifelong process, meaning that throughout your life you will change, situations will change, and you will continually have to make career and life decisions. The goal of Career Counseling is to not only help you make the decisions you need to make now, but to give you the knowledge and skills you need to make future career and life decisions. He was happy to interact with the students and tried to motivate students with some presentations.

On 25th July, 2018 started a day with Assembly and meditation providing students with the

familiarity and in afternoon session organizing Group discussion and Debate.

On 26th July, 2018 started a day with Assembly and meditation Foundation course on Mathematics using different methods, a lecture was delivered by HOD T.SRINIVASULU and in afternoon session visited all the departments
