

**VMTW In collaboration with the “Bureau of Indian Standards (BIS) conducting STANDARD DEBATE COMPETITION” Topic Standards in Sustainable Development - Industry, Innovation, and Infrastructure with AI on 25-09-2024.**

VMTW is organising Standard Debate Competition on Standards in Sustainable Development – Industry, Innovation, and Infrastructure with AI in collaboration with BIS.

**Guests:**

**Shri ANSP Shastry, a renowned expert in standards development and quality management.**

Shri Shastry began his illustrious career at the Bureau of Indian Standards (then Indian Standards Institution) in 1977, after completing his post-graduation in Statistics from Osmania University. Over the years, he made significant contributions to Certification Marking, Standards Making, and Laboratory operations.

A distinguished representative of India at the International Organization for Standardization (ISO), Shri Shastry played a pivotal role in developing the globally recognized ISO 9001 standard. As a lead auditor for ISO 9001, his expertise has been instrumental in shaping quality management systems worldwide. Even after retirement, Shri Shastry continues to share his vast experience and knowledge, providing invaluable support to BIS.

**P V Srikanth, Scientist 'E'/Director & Head, Hyderabad Branch Office, Bureau of Indian Standards**

Educational Qualification: M.Tech in Mechanical Engineering (Computer-aided Design and Computer-aided Manufacturing) from Jawaharlal Nehru Technological University, Hyderabad.

Experience: Bureau of Indian Standards since September 2006. Worked in various activities of BIS such as Product Certification, Standards Formulation, and Laboratory Services.

**Shri Veeraiah, retired Joint Director**

Shri Veeraiah began his journey as a Technical Assistant in 1983 and steadily rose through the ranks, serving as Assistant Director in 2004, and ultimately retiring as Joint Director in 2021. His remarkable tenure was marked by significant contributions to standards formulation, shaping the landscape of quality and reliability in India.

Throughout his distinguished career, Shri Veeraiah demonstrated unwavering dedication, expertise, and leadership. His invaluable experience in laboratories and certification wings has left an indelible mark on the nation's standards development.
